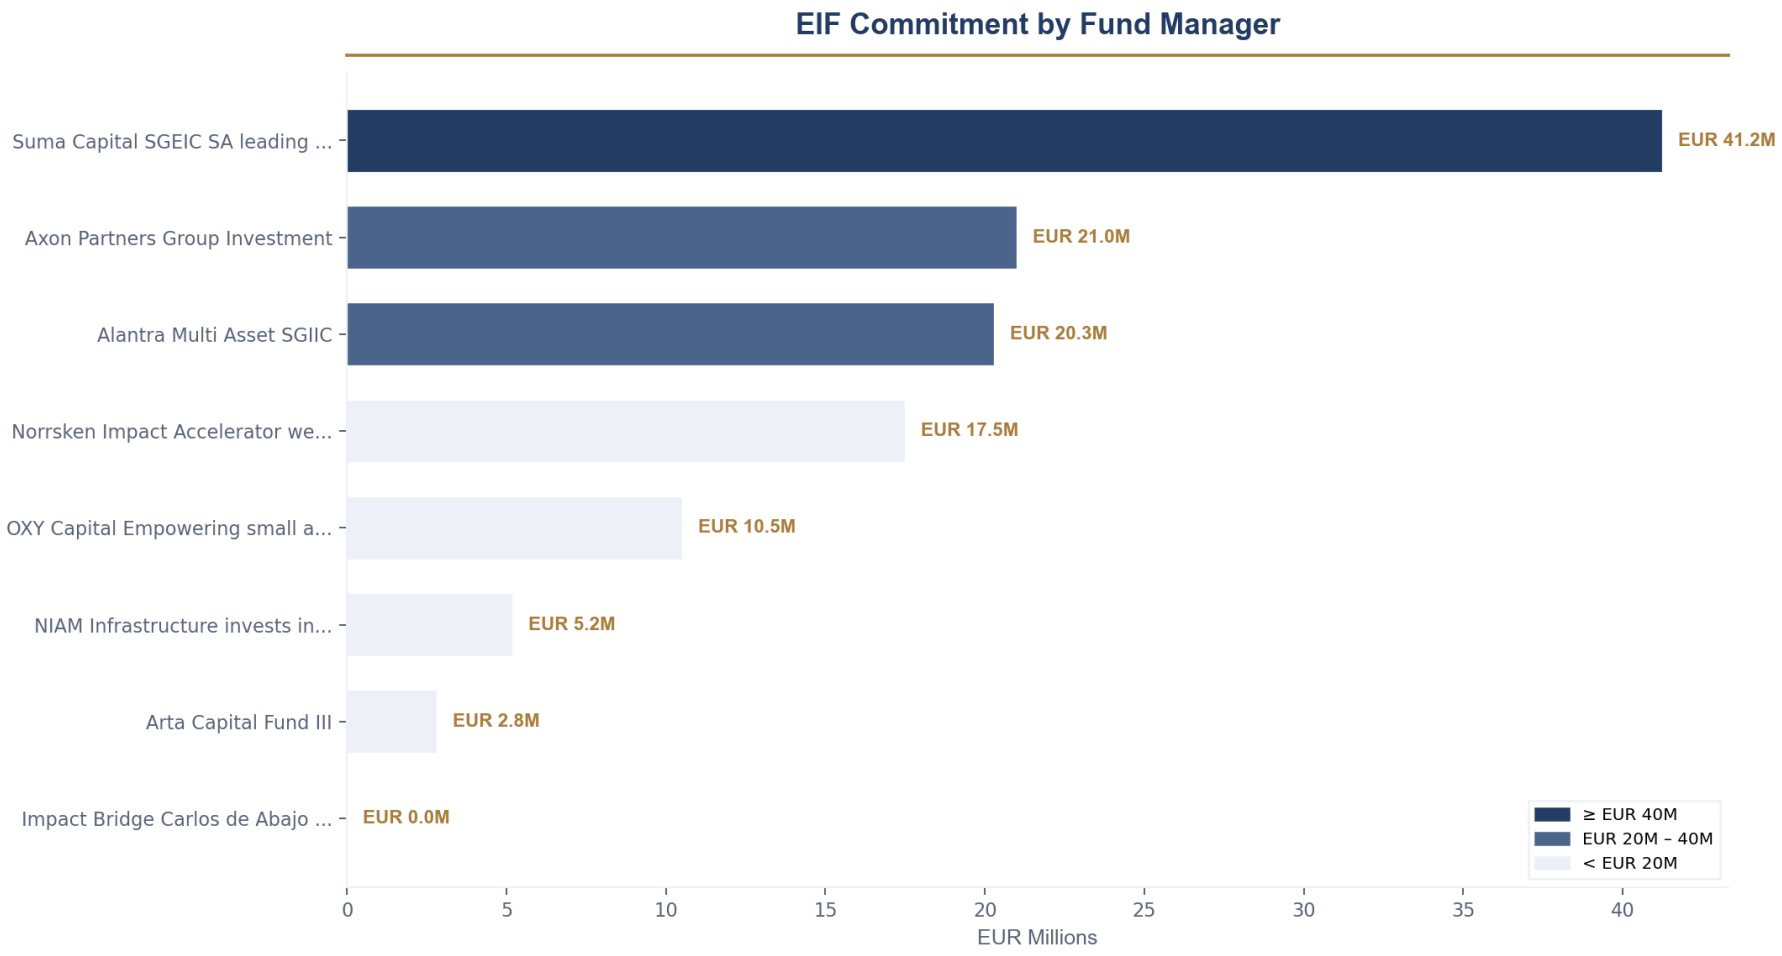
Capital allocated per financial intermediary



Strategic Fit Scoring

Project Fit // EIF Commitment // SDG // Contact // Geography

Key Findings

Strategic insights from the intermediary analysis

1

Spain Hub

7 of 12 fund managers based in Spain — strongest EIF entry point for our projects.

2

Solar Coverage

Broadest fund coverage: 9 intermediaries support solar, giving developers multiple options

3

Desalination Gap

No fund directly targets desalination. Best route: SDG 6/14 alignment via Impact Bridge.

4

Hydrogen Strategy

Multi-fund approach required: Suma Capital + Impact Bridge + Axon Partners Group.

5

Nordic Scale

NIAM at EUR 5.2M — largest single commitment, ideal for infrastructure-scale capital.

6

SDG Readiness

Impact funds require measurable metrics. Prepare quantifiable data before outreach.

Decision Framework

Does EU funding apply to your company?

01	LOCATION	EU27, EEA, outermost regions, or associated countries?
02	COMPANY	Startup, SME, mid-cap, or infrastructure project?
03	FINANCE	Loans, venture capital, microfinance, or grants?
04	PARTNER	EIF, EIB, InvestEU, or national promotional banks?
05	AMOUNT	From under EUR 500K to EUR 50M+?
06	SDG	Which sustainable development goals apply?
07	OUTPUT	Your filtered shortlist with direct portal link.

Recommended Actions

Prioritized by timeline and strategic impact

IMMEDIATE	Outreach to Tier 1 targets: Suma Capital (8.0/10) and Impact Bridge Global (7.0/10).
Q2 2025	Prepare SDG-aligned pitch deck with quantifiable impact metrics for fund managers.
Q2 2025	Develop Portugal strategy via OXY Capital — solar and green hydrogen focus.
Q3 2025	Submit application for Norrsken Impact Accelerator 2026 cohort.
ONGOING	Expand intermediary research across all 27 EU member states.
